Numismatists' Professional Opinion

from the Numismatic Professionals at the Academy of Coins®

1/3/2010

Mr. Smith:

Thank you for submitting your coin to PriceThatCoin.com.

We examined your photographs. In our professional opinion, the coin pictured is:

#1. An authentic 1881-S Morgan Dollar.

#2. Some numismatists consider this a [problem coin](#), effecting its market value. Other numismatists feel these problems are minor, and based on the photographs, do not consider it a problem coin.

#3. Current Market Value (1/1/2010)

This coin, in this condition, if proven authentic, has a “book”, or published price guide value of around \$55.

On the actual numismatic market, we would expect a retail coin business to sell this for between \$35 and \$45.

Because the value of the coin is under \$100, and the coin is not certified by a reputable Third-Party Grading Service, if you were to sell the coin to a retail coin business you should expect them to pay you 30 – 50% of its retail sale price.
